

Name: Steve Noble

Title: Co-opted Governor

Chair of the Inclusion  
Committee

**Reasons for becoming a governor at Longdendale:**

As a local resident I was asked to become a community governor in 2010. I am now (mostly) retired and am keen to use my experience in education to help Longdendale become an outstanding school.

**Skills and background:**

I have lived in Tameside throughout my career - teaching in primary schools and then working in both the primary and secondary sectors for the local authority school improvement service. I have also worked as an Ofsted inspector. My experience has given me an insight into what makes a successful school for students, parents/carers and staff.
