

Year 7 – Religion and Worldviews

| | | | | | | |
|--------------------------|--|--|--|--|---|--|
| Curriculum intent | The Year 7 Religion & Worldviews curriculum is designed to give students a foundation of knowledge of the six main world religions. Through the lens of the six main world religions, students will begin to examine key philosophical questions such as “should you challenge the rules?”, “why is helping others important?” cohesion and “what makes a religion?”. These questions link to the key themes of the locally agreed syllabus and help students to understand their place in the school, local community and wider global society. | | | | | |
